## **Become Part of an Engaging Pilot Community**

- ✈ Actively Pursue Proficiency
- ✈ Camaraderie with fellow pilots
- ✈ Discuss Interesting Flight Scenarios
- ✈ Interesting Guest Speakers
- ✈ Relevant Aviation Topics
- ✈ Valuable Extra-curricular Activities
- ✈ Fun and Entertaining
- ✈ Regular Monthly Meetings
- ✈ Discounts on Flight Simulators & Instructors
- ✈ Online Resources
- ✈ FAA Safety WINGS Credit

### **Why IMC Club at IA?**

Too often pilots finish their training and then become distracted and disengaged from the flying community. The result is a dangerous lack of proficiency and/or the loss of support to the flying community as a whole. IMC Club was established to mitigate this issue by providing a means to reengage pilots with other pilots and instructors. IMC Club is coaching, training, mentoring and helping pilots to fly in actual instrument meteorological conditions.

While IFR in IMC is the primary focus, IMC Clubs also encourage the exchange of information useful for any pilot. Whether you're Instrument Rated, current and proficient; just starting out on your Instrument training, or want to explore what it means to fly in the clouds, the IMC Club at IA is for you.

### **What is the IMC Club at IA?**

Simply stated, it's a group of pilots who desire to enhance their proficiency through continuous aviation education. IMC Club at IA provides a forum where pilots share information in a fun and informal atmosphere. Unlike the typical lecture-type aviation seminar, this Club encourages the vibrant exchange of information by real pilots with real-world experiences. We do this by reviewing interesting flying situations and scenarios provided by IMC Clubs or other pilots, including Club members.

#### **When and Where does the IMC Club at IA Meet?**

The Club has regularly scheduled meetings on the second Tuesday of each month, starting at 6:00 pm and ending whenever the members wish to stop. Meetings are scheduled to include time for membership matters, a scenario presentation, discussion and finally wrap up. While there is some structure to the meetings, the members determine what is most important to them.

Meetings are held at Independence Aviation's Centennial Airport Headquarters:

12780 E Control Tower Rd

Englewood CO 80112

303-858-1600

[denversouth@imclub.org](mailto:denversouth@imclub.org)

#### **How Much Does It Cost?**

A member in the IMC Club at IA must also be a member of the national IMC Club. Dues for this membership are \$36.00 per year (as of 12/2013) and are paid directly to IMC Clubs.

Dues in the IMC Club at IA are \$35 per month. IMC Club members receive all of the benefits of the national organization, including increased access to website resources, discounts and subscriptions. In addition, members receive substantial discounts on IA flight simulator and instructor rates.

IA's *Aviator Pro* program has designed a significant number of simulation scenarios and sessions that help instrument pilots of all levels of experience. Each month one scenario is designed to bring the discussion scenario to life.

## Membership Benefits and Fees

IMC Club at IA members receive substantial discounts on IA flight simulator and instructor time. Our high-quality simulation devices include the following:

- ✈ Frasca Cirrus SR22 with Avidyne avionics and 170-degree wrap-around visuals. Qualifies for Instrument Currency and Instrument Proficiency credit as a Level 1 Flight Training Device.
- ✈ Precision Flight Controls Modular Flight Deck (MFD) which configures to 23 different aircraft types including popular Cessna, Beechcraft, Piper and Mooney models. Twin-engine models are available. All models have round-dial avionics and Garmin 430 GPS emulation is available on most. Qualifies for flight training as an Advanced Aviation Training Device (AATD).
- ✈ FlyThisSim TouchTrainer for Cirrus aircraft. This device configures for all Cirrus aircraft models including Avidyne, Garmin Perspective and even older round-dial models. It qualifies for training as a Basic Aviation Training Device (BATD). In addition, live ATC services are currently available with this device.
- ✈ XWind crosswind trainer through Crosswind Concepts, Ltd. This device is the only one of its kind in the region and gives confidence to new student pilots and seasoned veterans as well.

Our professional staff of experienced instructors is continually developing scenarios based on their flying and teaching experience for training in these devices to hone skills and increase proficiency. While you may not fly professionally, there is no reason not to professionally fly.

### Member Rates:

<i>Device</i>	<i>Normal Rate</i>	<i>Member Rate</i>	<i>Discount</i>
Frasca Cirrus SR22 FTD	\$105 per hour	\$50 per hour	<b>52.4%</b>
PFC Modular Flight Deck	\$45 per hour	\$22.50 per hour	<b>50.0%</b>
